### PAUL WRIGHT TELLS OF PEACE PARADE IN NEW YORK

Called In August, Just Found It Out, Needs Another Language

Rev. Paul Wright, former pastor of the First Christian Church here, now on his way overseas with the Y. M. C. A., saw the peace demonstration in New York, and he describes it, and he has found out that he was called for overseas duty last August, but the Western Union never delivered his telegram to him. He wants to learn French so he can tell the Western Union what he thinks of it in two languages.

Here is what the Y man writes from New York, the day the United Press premature peace news hit that city:

"In a moment of weakness I promised to write to everybody I ever knew. Now I realize my folly. But you were among the number so I will write you and you can do as you please about passing it on to the rest."

Today is Peace day according to the papers. I never saw such a demonstration as the people here are putting over on 5th Avenue. In fact I did not know there were so many people in the world. They jammed that avenue as far as one could see, marching both ways. Automobiles were kept on the side streets and the foot folks had their own sweet way.

I tell you I am proud of the old human race. Every nationality I have ever seen and some I had not were on parade except the Hun. Not one of these foreign peoples but have proved themselves the very heart and soul of heroism. I tell you I'm sure proud of our allies. No wonder God loved this old world and Christ died for it. How could He help it? He knew the kind of stuff of which it is made. Today we know more about it than before.

Everybody was out that could get out and wasn't afraid. Confetti, streamers of paper ribbon, and all sorts of cut pieces of paper floated down from the skyscrapers into the streets were literally covered. People hugged each other for joy. I saw one old woman running around trying to catch a soldier or sailor to kiss him. They were all making their get-away. You would, too, if you had seen her. She finally captured a French officer, who was too polite to run, lifted him one on the cheek and the crowd went wild. They seized and carried him on their shoulders down the street. I'll say he was a hero too, but I guess he was used to it.

The Y. W. C. A. made such a hit with their parade. They had a number of farmers calling for reconstruction work. They were followed by the Polish Grays, a body of Polish women who have been doing Samaritan service.

I expect to go over very soon now. You know I found out after I got here that they had been calling me since the 30th of August. I was disappointed enough to go right straight home when I heard it. I am learning French now to cuss the Western Union. One language is not enough. I might have been in the fight if it had not been for that, but I shall go on and do what I can in the reconstruction work. The Y wants thousands of men as teachers and workers of various kinds yet. Pass this word along to men who are interested.

They are going to put on an educational program for the overseas men so they will not lose out on their school work. You can surely count on the Y doing the thing that ought to be done.

### BAD BREATH.

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

## OUTPOURING OF JOY SUPREME MARKS VICTORY CELEBRATION

### WARPLANES IN SKY THOUSANDS WATCH JOY PARADE PASS OPENS THE PROGRAM

#### Speakers Express the Depth of Feeling In Each Patriot's Heart

Hearts beat with patriotic fervor and personal joy yesterday as speakers at the victory celebration expressed the thoughts that welled supreme.

Frantic waving of flags, hats and handkerchiefs, and the three cheers given time and again marked the lusty spirit of the big crowd that gathered, regardless of the flu, anxious only to join in the demonstration that marked Santa Ana's big joy day. The aeroplanes came over.

Chairman Bisby had arranged with Captain Smith of March Field, Riverside, for a visit by a flock of the sky birds, and anxiously the coming of the visitors was awaited.

"There they come, right through those wires," shouted a national guardsman, the first to spy the planes afar.

Come they did, six of them, right on to Santa Ana. They passed over at a height of between 4000 and 5000 feet, sailing like great birds of the air, the sound of their engines drowned in the joy cries of the crowds below.

Round the western part of the city they circled, and from a double triangle formation the machines strung out into line, and again they came over the center of the city, and away they went toward Los Angeles.

It was a thrilling sight, a touch of the things that war has brought about—this visit of the warplanes. Cheer on cheer was given for them.

"Just imagine," said Chairman Bisby, "what a fleet of enemy planes could do to a city like this."

Music by the Santa Ana Elks' band opened the celebration at the corner of Sixth and Broadway, and it was that blessed "Star Spangled Banner," led by Harry Garstang, with every person standing and heads reverently bared.

The American flag was hoisted, and following it came the flag of the Allies, and cheers, three upon three, crashed out.

Little Sidney Carmack, in Boy Scout uniform, gave bugle calls introductory to the presentation of two Liberty Loan honor flags, won in the fourth campaign. One of these flags came from the government to Orange county, the other to Santa Ana, each for going far over the quota. Presentation was by Bisby, T. B. Talbert, chairman of the board of supervisors, accepted for the county and Mayor A. J. Visel for Santa Ana. Each feelingly expressed the satisfaction that is felt because Orange county and Santa Ana met every war test.

**Two Honor Flags**

"The United States finished with the best of them," declared Talbert. "Last night one could have heard the angels singing in heaven," declared Mayor Visel, "for this day is the dawn of world peace."

One of the thrills of the afternoon was the singing of "The Marseillaise" by Mrs. H. M. Sammis. Everyone stood. A delighted woman, a native of France, carried the tune with the joyful motion of her hands, and she was brought forward and presented to the audience.

"The proudest day of my life," said Clyde Bishop in opening his address, "is today when I say that I am an American citizen. One of the two greatest days in all history was when the American flag was first unfurled. The second is today, when that same flag flaps over the downfall of autocracy."

"We must not forget our duty in the United War Works Campaign now starting. Let us carry on the great work of looking after our soldiers."

"There are mothers whose sons will not come back, whose sons have answered a greater roll call than humans can know."

**Thanksgiving Day**

"There is a Land" was sung beautifully by Miss Edith Cornell, and Ernest Crozier Phillips read as it was never read before in Santa Ana "In Flanders Fields," that living war appeal written by a Canadian officer, and the answer that, too, has become famous.

"The Kaiser said he would stand for no nonsense after the war was over," said Judge W. H. Thomas. "What do you think of that now? The Stars and Stripes never touched the ground, and the Kaiser is looking for a place to lay his head."

Judge Thomas urged every effort in carrying out reconstruction. "Yesterday," said he, "we were spending money for the destruction of hellish, damnable autocracy. Today we are turned toward the reconstruction of the world. This Thanksgiving day is to be the greatest day for thanks we have ever known."

"When the Boys Come Home" was sung by Mrs. F. W. Slabaugh, with the emotion and depth of feeling that peace has added to that wonderful song.

Chairman Bisby stepped forward with a baby in his arms. The babe held a flag in a tiny hand, and looked out on the sea of faces fearlessly.

"I introduce to you Armand Thibault Holderman, son of Captain Holderman," said Bisby, and instantly everybody cheered with all their hearts.

Walter Eeden closed the afternoon's exercises with a patriotic tribute to General Pershing and President Wilson.

"The freedom instituted by Washington is now made possible for the whole world," said he. He dwelt upon the joys that will come with the return of the soldiers, and emphasized strongly the necessity of giving support to the United War Works campaign.

"That flag has protected you and me in this great war," said he, "and in this victory we renew our pledges of loyalty to it."

#### Santa Ana, Mid Noise and Flags, Gives Vent to Deep Emotions

What Santa Ana can do in the way of getting out a big parade on short notice was demonstrated yesterday afternoon when the big parade in connection with the peace celebration was organized at the corner of First and Main streets. Over three hundred machines were in line. Some were decorated, others were not. There were children. There were men. There were women. The hearts of all were full of joy at the grand news brought to the world yesterday morning. They were enthusiastic. They were noisy. They were jubilant.

R. L. Bisby and Jack Wallace were at the corner of First and Main to direct the machines in line and getting them in their divisions.

Mrs. R. L. Bisby led the procession, with the Santa Ana band following. Next in order was the Seventh Separate Company under command of Captain Koepsel, Boy Scouts, directors of the M. and M. C. of C., the board of supervisors, city council, war activities heads, Red Cross, Junior Red Cross, schools, commercial enterprises, decorated and undecorated cars.

And there was some noise. With people along the line of march shouting to their full capacity, automobile horns, fish horns, tin cans, cow bells, tom-toms and gongs, the noise was deafening. And then on top of this every once in a while would come the explosion of powder placed between anvils and handled by two or three of the blacksmiths of this city. The equipment was carried on a truck.

**Kaiser Bill Has Hot Time**

There were several cleverly designed and executed "stunts" in which Kaiser Bill was subjected to all kinds of treatment. In one the Devil had the Kaiser in hell, and every time he would attempt to leap from the flames the Devil would knock him on the head with his pitchfork and send him back into the bottom of the pit of raging fire. This was the entry of the Boy Scout troop of the First Methodist church, of which A. J. Lasby is scoutmaster. Harold Albright was the evil. Hell was represented by a barrel from which tongues of fire leaped. Wendell Heil also was on the truck and whenever the Kaiser's head appeared above the top of the barrel, Heil would shoot at the head with a pistol-filled with blank cartridges. Employees of the postoffice had little pity for Kaiser Bill for an effigy hanging to the rear of their exhibit was punctured with imaginary bullets, the wounds being inflicted from the front and rear. It was an exhibit featuring the War Savings Stamps and the part they played in putting the Kaiser out of business. Two big discs from a plow were suspended from a rope and Joe Neusbaumer with big pieces of iron made the welkin ring as he beat a continuous tattoo on the discs, calling attention of the public to the W. S. S. Ward Ditchey, W. F. Palmer and Bill Harvey were other men on the float.

Kaiser Bill's goat—the one that the American boys got—was also there as a part of the postoffice display. In a trailer drawn by Charles Berry's car was a pretty, little, white goat, the property of Gerald Gibson. With Gibson and the goat were the boys of Berry. A placard told that the W. S. S. got the Kaiser's goat.

**Pershing Leads Hindenburg**

Jack Willey had a novel display in which he depicted General Pershing leading Hindenburg, the great German chief. The car which Willey drove was labeled Pershing. It was pulling an old car, with the front wheels raised off the ground and on small truck wheels used in pulling a wrecked car into a garage. The crippled car was Hindenburg, and in the seat was a lad who was crying for mercy—as far as the tooting of an automobile horn could represent such an appeal.

and freedom were represented by the entry of the high school. Lucile Brothers was Columbia, Lillian Pumphrey liberty, Lillian Martin peace and ePatrice Vegely freedom. Melburn Harvey was the big, stalwart Uncle Sam. One end of the school service flag was attached to the truck, with two little girls, Frances Battey and Persana Deimling walking and holding the other end.

A regular, old-time wake was symbolized in a float arranged by musicians in the city and which might properly be termed a musical float. Professor C. A. Gustlin and Mrs. P. W. Slabaugh were in charge of the musical feature. The singers were grouped in the forward end of a truck, and at the rear was a large coffin for the Kaiser and consigned to the lower regions. The chorus sang "Yankee Doodle" and other joyous songs indicating the pleasure of the "mourners" at being at the obsequies.

John Sauters of Tustin was the man representing Uncle Sam and driving a tractor which pulled a cannon. The tractor was a little slow for the parade but the exhibit made a big hit.

There were many other special features, but lack of space forbids individual mention.

**Night Demonstration**

Hundreds of enthusiastic celebrants carried the day's celebration over into the evening and for several hours Fourth street between French and Birch was ablaze with automobile lights. Noise there was in plenty. The machines chased up and down the street, the gay revellers making all kinds of noise. Nothing that would add to the general din was overlooked. Women and girls joined in the fun on the sidewalks, using tin cans and horns to give expression to their feelings. Confetti throwing started toward the end of the jubilee.

Sparklers were used by some of the members of the hilarious crowd and they were thrown right and left into the throngs on the sidewalks. One of the sparklers was thrown on the awning at the Turner shoe store and started a blaze. Officers Boynton and Rogers were on the job and put out the fire soon after it started.

Automobiles lined Fourth street.

The Seventeenth Separate company of Santa Ana and the Home Guard companies of Orange and Placentia marched down the street a couple of times about 8:30 and were greeted with cheers as they marched along.

It was a big day and night for Santa Ana. Never has such a demonstration been witnessed in the city. The occasion for the event will probably never be duplicated and it will ever live in the memory of those old enough to know what it was about.

## EARLY SHOPPING IS URGED BY M. AND M.

Directors Pass Resolutions  
Requesting Co-operation of  
People In Xmas Buying

The patriotic American will start Christmas shopping today, because the Council of National Defense has made the request in the interest of conservation and it seems fitting and proper that conservation should be observed wherever possible. The shoppers will properly regard the "shop early" request as an opportunity—an opportunity to be patriotic first, by saving man power, by saving fuel and light (by doing all holiday business in regular hours), an opportunity to avoid a last hour rush to secure gifts which is a strain on the purchaser and a strain on the overworked, tired clerical force of the stores.

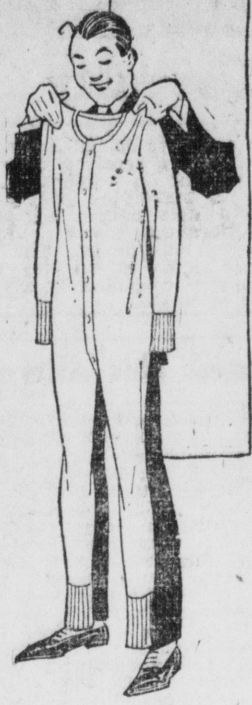

It is also an opportunity to buy in Santa Ana at leisure, to make selections from the best stocked stores in their respective lines and the privilege of buying from "make-it-right" business men, who are your neighbors and fellow patriotic citizens, who have bought their share of Liberty Bonds, who have subscribed to the Red Cross, the Y. M. C. A., the Knights of Columbus, the Salvation Army and various other necessary and admirable war activity funds that help the "boys over there" to fight for the safety of the home over here. Again, your Santa Ana merchants pay their share of taxes, support the churches, the lodges and various other organizations necessary to community up-building.

Santa Ana stores are splendidly stocked with great varieties of goods at prices that are most inviting—prices away below your expectations. If it happens you have been shopping elsewhere in supposedly more advantageous sections. More business for Santa Ana stores means more business for Santa Ana banks, more employment for Santa Ana people, bigger and better business buildings and again more work for various building concerns. More business for Santa Ana means more school facilities and this means more teachers. All of these and many more advantages to be gained by trading in Santa Ana means increased value of real estate, more money to buy more bonds, and don't overlook the fact that the more bonds Santa Ana people own the bigger the income to Santa Ana from interest on bonds.

## SANTA ANA PASTOR ARRIVES IN PARIS

Arrived in Paris, Rev. J. A. Stevenson, pastor of the First Presbyterian church, now in France in Y. M. C. A. work, writes that he would soon leave that city for a post. His address is "American Y. M. C. A. Headquarters, 41 Rue d'Aguesseau, Paris, France, American P. O. 716."

A letter just received by Mrs. Stevenson, who is now at 1015 Grand View street, Los Angeles, has the following: (Town Censored), France, Oct. 13. It is fine to be on terra firma once more and in "Sunny France," which is more than sunny today. She is simply radiant, warm, mellow, comfortable. Will be here till Tuesday. It always takes two days to get papers through, etc. Am feeling fine and hearty.

through with one hard job and "farin" to get to the next.

This is Sabbath and the town is on the street in all their glad rags. There are almost as many Americans here as French. The harbor and city are beautiful for situation. Just as we came in this morning one of the boys shouted, "There is a woman," and you ought to have seen the straining of necks by a vast multitude that I am not allowed to number, who had been for many days in an Eveless ark! And she was not much to look at, either!

I expect to visit an old chateau here tomorrow—built by Julius Caesar!

Have met several old friends since arriving, among them Dr. Work, pastor of the Congregational church in Pomona. Expect to hear another preach tonight. Dr. H. C. King of Oberlin, Ohio. So you see I am right among my friends. It is now toward sundown and it feels just like an October evening in California—fine and nifty.

I have just been out for a little walk and a look at the town. It is interesting to see the old things. It looks as if we were in prehistoric times.

Nov. 19, Paris. Have just arrived in the City Beautiful. I have not seen much of it yet but what I have is wonderful. It rains and rains, not hard, but showers, and the sun shines every day. I can tell you where I am as long as I am in Paris. After that I will just be a number like the residents in San Quentin.

## HINDENBURG OFFERS AID TO NEW GERMAN GOVERNMENT, SAID

Strassburg Displays Banner,  
'We Wish to Unite With  
France, Motherland'

LONDON, Nov. 12.—Field Marshal von Hindenburg, variously reported to have accompanied the former kaiser to Holland and to have remained at headquarters, is now said to have placed himself at the disposition of the new German government, in order to prevent chaos. This report was received from Copenhagen in a dispatch which quoted a "reliable authority." The dispatch said workmen's and soldiers' council at Cologne sent three representatives to confer with von Hindenburg at main headquarters at the latter's invitation.

The Paris Matin publishes a dispatch from Zurich reporting that republics have been proclaimed in Berlin and Wurttemberg.

Crowds are reported to have marched through the streets of Strassburg, bearing banners with the inscription: "We wish to unite with France, the Motherland."

Strassburg is the capital of Alsace-Lorraine.

The sailors of four warships in the Baltic are reported in an Amsterdam dispatch to have joined the revolutionists.

The German frontiers are entirely open, Amsterdam reports. The guards threw down their arms and great numbers of German officers fled into Holland. Dutch munitions workers have been ordered from Germany.

## PARIS 'QUARTER' RETURNS TO LIFE

BY WILLIAM PHILIP SIMMS  
(United Press Staff Correspondent)  
PARIS, Nov. 12.—When the victory news arrived the celebrated quarter of Paris came to life with a bang after four years of churchyard quiet.

Students paraded, shouting, singing, waving flags. The war hit the quarter harder than it hit any other section of Paris, rendering it silent and empty. Today it is as gay as ever, blossoming into new merriment, gayly bedecked in bunting.

The roof of the Bourse almost lifted when the brokers boomed the Marseillaise. The streets were packed with merry-makers.

The youths of Paris paraded in groups, carrying banners and shouting songs of victory.

The only sad note was inside the homes where women folk were weeping when told the war was over, because almost all have at least one whom peace will not fetch home.

A crowd of students went to the war office and stood outside shouting, "Vive Clemenceau!"

The Premier appeared at the window of the first floor and later descended to the street, accompanied by his daughter and several officers.

Everybody was deeply moved by the demonstration that followed, Mlle. Clemenceau openly weeping.

The Premier suddenly imposed silence, then led the cheer: "Vive France!"

## WOULD PUNISH HUNS AS THEY DID INDIAN

WASHINGTON, Nov. 12.—The Germans have been likened to the Seminole Indians, with the odds all in favor of the noble red man.

"The Seminole Indians were cultured gentlemen and Christian philosophers beside the Germans," declared Sam Myers, Montana, in the Senate, urging fitting punishment for the Hun. Myers thought some such punishment as General Jackson meted out to the Seminoles, the cut-ups of their day, would be appropriate for Germany.

"When they refused to surrender unconditionally he burned their towns and villages and camps and pursued them into the swamps and surrounded and practically annihilated them," said Myers, tracing the Indian rebellion.

"The punishment administered to the Seminoles by General Jackson would be, in my opinion, a hundred-fold more fitting to the German armies," he added.

## COMMUNITY KITCHENS SUCCESS IN ENGLAND

LONDON, Nov.—As a fuel economizer, the food ministry has requested English households to forego the luxury of individual cooking fires this winter and patronize the National Kitchen wherever available.

More than 600 of these hot meal clearing houses already have been established throughout the kingdom, and a large extension of the system is planned. The community kitchens have been eminently successful. More than 1,000,000 portions are being dispensed by them daily.

Housewives take their food, have it cooked, and call for it in time for dinner. A small fee is charged for the cooking.

A restaurant usually is operated in connection with the kitchen.

Net tangible assets over \$550 per \$100 share. Net current assets \$300 per \$100 share.

Net earnings, after taxes for past three years, average \$64 per share. One-fifteenth of outstanding stock must be retired each year, beginning May 1, 1920, so that entire issue will be retired by 1935.

Callable at 110 and accrued dividend so that all permanent holders will receive this price for their stock.

The demand for agricultural machinery and tractors to replace the depleted manpower of the world and replace the horses lost in the war make this stock especially attractive as a peace stock.

We have bought this stock and recommend its purchase by investors because it is exceptionally well secured, both as to principal and earnings, and will enable the investor to receive present abnormally high return on his money for years to come.

Circular on request. Price 97½ and accrued dividend.

THE UNITED WAR WORKS CAMPAIGN

The end of the war has arrived. But the end of all the problems surrounding the welfare of our soldiers at home and abroad is still far away. Only shortsighted people or shirkers would think of using the expected cessation of hostilities as an excuse for their failure to contribute to the United War Work fund during the present campaign.  
Seven great welfare agencies are included in this campaign for funds. They are the Y. M. C. A., the Y. W. C. A., the National Catholic War Council, the War Camp Community Service, the Jewish Welfare Board, the American Library Association and the Salvation Army. Each is performing a distinctive and useful service.  
It should not be necessary today to describe the activities of these various organizations. Their work has been reviewed again and again in many publications, and every man or woman with friends and relatives in the service must have heard a good deal at first hand of the generous and noble work of one or more of them.  
Dr. John R. Mott, who is director-general of the campaign, gives one big reason for continuing the service rendered by these groups of workers. "The period of demobilization should not be allowed to become one of demoralization."  
Until the boys are all home again and established in the lines of work they may choose, some such work as that done by these organizations will continue to be necessary. Thinking, responsible people should be glad of the privilege of backing up with their money the agencies performing that work.

KEEP THE HUT FIRES BURNING

A hut is your fighter's home over there. It is his store, his theater, his church, his school and his club. It is the place where he writes your letters.  
It is the place where he reads his books and magazines, where he and his friends get around a piano and sing or listen to a phonograph.  
It is the place where all the movies are given, and the concerts and the minstrel shows and vaudeville. Often it is the only place within reach that is dry and light and warm and clean.  
A hut may be a shed or tent or a fine old chateau or a hotel. Sometimes, at the front, it's just a battered little shack—the only building left standing in town.  
On the fighting line, it's just a board laid across two boxes with a sign nailed to a tree.  
The sign doesn't matter—it's what the hut gives your fighter.  
Back up these seven organizations without thought of race or creed, because your boy knows that he is always welcome everywhere, and he needs them all.

WHAT A. L. A. HAS DONE

The American Library Association, one of the welfare organizations represented in the United War Works campaign, has published a list of the things it has done in its war service work during the year from June, 1917, to June, 1918. The list is of interest to soldiers and civilians alike.  
In that year it erected thirty-six camp library buildings and established forty-one large camp libraries. It supplied ninety-one hospitals and Red Cross houses with books. It put 200 trained librarians into the war library work. It supplied 232 naval stations and vessels with libraries. It equipped 236 small camps and military posts with books. It placed branch libraries and stations in 1223 Y. M. C. A. and Y. W. C. A. huts, in barracks and mess halls. It shipped 300,000 books overseas. It purchased 400,000 technical books wanted by men in service. It collected and made available for use 2,500,000 gift books and distributed 5,000,000 gift magazines.  
The boys still want books and magazines, and the library war service work of the A. L. A. is still going forward. Perhaps no one who has not been in the army or navy can appreciate how much those books and magazines mean to our boys.  
People who have given books or money once may read over that list with a little pride in their contribution. Add, remembering that books wear out with hard use, they should give again as long as there are men in camps and trenches, in hospitals

and on the seas, who crave good things to read.

TOOTING THE HORN

Editor Register.—Yesterday in the great parade was a little girl in an automobile with five or six other people, and at street corners and in other automobiles many people turned to look at that little girl. Why? Because she was tooting a horn. "But," you say, "there were lots of children tooting horns and no one noticed them particularly; why did they notice this one little girl?" She was not noticed because she was any more attractive personally than scores of other little girls, but because she represented an ideal—the form of Liberty. She was draped with the Stars and Stripes and on her head was a cap of the starry emblem. She expressed the principle for which thousands of our American soldiers have given their lives on the battlefields of France—Liberty—universal liberty and democracy. When this little girl tooted her horn, people smiled and bowed because it was the triumphant notes of Liberty to which they gave honor, and not just to a little girl tooting a horn. Many people go through life "tooting their own horn," as the saying is, and some of these attract public attention and honor, while others do not. The reason of this is apparent. Those who can demonstrate special talent or ability in any direction superior to others will be speedily recognized; while those who seek notoriety and honor without having done something to deserve it are quickly found out and ignored.  
A homely, ungainly appearing man, born amidst conditions of direst poverty, with no chance, no start in life except that of his own making, no schooling except the crudest, most elementary kind, becomes the world's greatest emancipator and the most prominent historical character of modern times. It was that Abraham Lincoln did—the principle of Liberty he embodied—that made his name immortal, and placed him above any king or potentate on earth, in the highest position of trust and honor it is possible for any man to attain—the position of president of the United States.

ONE WHO CELEBRATED. HARBOR DREDGING IS EXTENDED TO NOV. 16 BY NEWPORT TRUSTEES

NEWPORT NEWS vb kj qk cm f Newport News: At a meeting of the board of trustees last Monday evening, the Pope Shipbuilding and Construction Corporation, through their attorney, Mr. Scoville, asked that they be granted a ten-day extension on their contract with the city in regard to the beginning of dredging operations. The contract between the city and the Pope company provides for the beginning of dredging on or before November 6, three months from the date of the contract. The information was given out that the shipbuilding company expected to use an electric dredger, the current for which would be supplied by the Southern California Edison Company through their lines running from Santa Ana to Newport Beach.  
After consulting City Attorney Bishop in regard to extending the time, the board passed a resolution giving the shipbuilders an additional ten days, or until November 16, providing that the granting of the extension would in no way affect the balance of the contract.  
The crew of men who have been converting the old Newport Bay dredger into a hull for modern equipment, and who laid off a few days ago, are again back on the job.

JAPANESE ORGANIZE Y.M.C.A., GARDEN GROVE

A Japanese Y. M. C. A., one of whose activities will be a night school for an English course, has been organized at Garden Grove. A person, signing himself "A Japanese in Garden Grove," tells of the organization in a letter to the Register as follows, under date of November 11:  
"The Japanese, young and old, of Garden Grove and surrounding vicinity, those who are interested in the matter, met last night at the hall of Rev. T. S. Ban, Garden Grove, and discussed organizing a Japanese Y. M. C. A., which was decided unanimously without hesitation. There will be night school in the English course, instruction to be given by Rev. Ban, social club and so on. The aim of the organization is the same as that of the white Y. M. C. A.  
"At the meeting, officials were elected temporarily as follows: Adviser, Rev. T. S. Ban; chairman, I. Komatsusaki; vice chairman, K. Komatsu; secretary, M. Masuda; treasurer, K. Koga.  
"The new organization will connect and work hand in hand with the Y. M. C. A. of white people and also lead the women of Garden Grove to establish a Y. W. C. A."

PLAN TO ENLARGE ISLAND FERRY AT BALBOA IN SPRING

The Balboa Island ferry matter was discussed at a recent meeting of the Newport Beach city trustees, says the Newport News, and the future plans of the Wilson Bros. Co., who are now maintaining a temporary service, were presented to the board by P. H. L. Wilson, a member of the firm. Mr. Wilson said that they expected to construct a large next spring which would be capable of handling two or three autos, or other vehicles, and would improve the ferry service as fast as conditions would warrant. He also stated that many tourists would come to Newport Beach with the idea of going out by a different route than they came, and many were disappointed in learning that they must turn around at Balboa and retrace their tracks. If a ferry of sufficient size is constructed to accommodate autos, it will be an inducement for many more tourists to come here.

## NEWS IN BRIEF FORM

The Riverside district shipped 1,150 cars of citrus fruit last season. There were 1020 cars of oranges and 130 cars of lemons. No separate record is kept of grapefruit and citron, those shipments being figured in with the oranges. The crop was less than one-fourth normal, but the returns f. o. b. Riverside averaged practically \$2000 per car, making a total return of \$2,300,000. This is a total return fully equal to that received some seasons when the crop was normal. The highest prices ever known were received for Riverside Valencia, and some exceptionally high prices were realized on navel and lemons. The coming season should show shipments of 3000 to 3500 cars and the outlook for good prices is excellent, according to the Riverside Press.

Mrs. C. J. Drake, who solicited the lemons and oranges to be shipped east to be sold at auction for the benefit of the Yorba Linda Red Cross, has received returns from same, and has turned over to the First National bank of Yorba Linda the net sum of \$301, subject to the needs of the Red Cross. The Eastern Star is the instigator of the project and appointed Mrs. Drake as committee of one to work with Geo. Taylor, chairman of the Masonic committee.

The Fisher Wine company of Anaheim was robbed Saturday night of several cases of bottled-in-bond liquors valued at \$200.

The California National bank this morning bid in lot four, Gildmaker's addition, on West Fifth street, which was sold by the city treasurer at public auction. The owner of the lot failed to pay principal and interest on the bond, which was for paving West Fifth street.

Darwin W. The beet slicing campaign at the factory of the Holly Sugar Corporation closed Tuesday, the season being a comparatively short one. The factory will continue in operation for four to six weeks, what is termed the Steffens House campaign, being the second one since the factory was established. —Huntington Beach News.

The Newport Heights Co-Operative Association meeting scheduled for Thursday has been postponed for one week, and will be held at the Harper school house Thursday evening, Nov. 21. A good program is being prepared.

After being closed two weeks while interior repairs and beautification work was carried out, the West End Cafe will reopen again tomorrow.

A good attendance in all cases marked the three walnut worm demonstrations held Friday at San Juan.

## THIN PEOPLE NEED BITRO- PHOSPHATE

How It Increases Weight, Strength  
and Nerve Force In Two Weeks'  
Time In Many Instances

"Take plain bitro-phosphate," is the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft, curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphorus than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.

CAUTION:—Although Bitro-Phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its remarkable flesh growing properties it should not be used by anyone who does not desire to put on weight.

Word has been received here of the death of a Chinese vegetable peddler known here as Chee. He died in Los Angeles of the flu. Chee lived here many years, and went to Los Angeles when he became ill about two weeks ago.

The 11-year-old son of Mrs. Woodward, 614 East Second, suffered injuries to both of his feet yesterday afternoon after the parade when he members were run over by a trailer behind an auto. It is understood the boy was on a coaster hanging on to the trailer of an automobile and fell in such a manner that the trailer passed over his feet. The feet were crushed at the instep.

6-FOOT LAWYER LOOKED  
LIKE PUMPKIN

"I was often doubled up with pains in my stomach and was yellow as a pumpkin before taking Mayr's Wonderful Remedy, which 10 years ago saved my life. My friends had given up all hopes of my recovery, as the best doctors did not help me. Am enjoying the best of health now." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere. Adv.

MUST HURRY PACKAGES  
TO YANKS OVER THERE

If you are preparing a Christmas box for a soldier overseas, you must hurry and get it in the mail, for no package will be accepted after Wednesday, November 20. Postmaster C. D. Overshiner announces there will be no shift of the date set by the post-office department, and all boxes must be in by that date at the latest. But "the sooner the quicker," is the motto, and the dispatch of boxes will be aided if they are mailed a few days before November 20.

## How Do You Like What Our Soldiers in France Have Done?

Your contribution to the United War Work  
Campaign will show your appreciation.

## Why You Should Give Twice as Much as You Ever Gave Before!

The need is for a sum 70% greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their:

3600 Recreation Buildings  
1000 Miles of Movie Film  
1000 Leading Stage Stars  
2000 Athletic Directors

2500 Libraries supplying 5,000,000 books  
85 Hostess Houses  
15,000 Big-brother "secretaries"  
Millions of dollars of home comforts

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.

Now give to maintain the Morale that is winning the war!

YOUR \$50.00 gift means that one boy  
will have a whole year's supply of all  
the good things that these seven recognized  
organizations can give him. It will support  
his store, his church, his theatre, his school,  
his library, and his club.

## TO WEARERS OF GLASSES

Anticipating that wholesale houses would make this last raise in optical goods—Nov. 3d, (which they did) I bought stock in such enormous quantities that I am able to make any lens promptly at a more reasonable price to my patrons than could possibly be obtained if glasses had been ordered on prescription today.

No matter who your favorite oculist or optician may be, I will promptly duplicate his glasses and save you money.

## HUGH McMILLAN LOSES HIS LAUNCH; ORDERS ANOTHER

Newport News: Hugh McMILLAN's fishing launch, which was anchored near the wharf, broke her mooring some time Monday night and drifted down the coast. The next day, after a long search for the missing craft, a

piece of the deck was found by the owner. The theory is that the boat drifted down the coast and was whipped to pieces on the rocks of the jetty.

Undaunted, the owner of the ill-fated craft, after being satisfied that his boat was destroyed, made a deal with Frank Claudina for a much larger launch and will continue in the fishing game as a side line for the winter months.

Girls! Make beauty lotion  
at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best bleaching and skin whitening lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how tan, redness, sallowness, sunburn and windburn disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless.—Adv.

### GOLDEN CELEBRATION

Mr. and Mrs. Martin Hayes  
Hosts at Family Reunion  
on Sunday

Mr. and Mrs. Martin Hayes celebrated their golden wedding, at their country home west of town, Sunday, November 10.

They have seven children but only four were able to attend, as the other three live in the east. Mr. Hayes is a member of Sedgwick Post, G. A. R. He is 76 years old and Mrs. Hayes 70. The decorations were in yellow and

green. The bride's cake was gold in color.

The blushing bride of 50 years sat at her usual place at the dinner table, while the gallant groom presided.

The dinner was a very sumptuous one, comprised of roast turkey, cranberry jelly with all the trimmings and a variety of fresh vegetables. It was prepared by the two daughters, Mrs. J. V. Westbrook and Mrs. W. H. Gilmer.

The bride cut the cake with the grace of a youthful bride.

The couple was presented with four \$5-gold certificates, as gold coins could not be obtained.

The names of those present are as follows: Mr. and Mrs. L. D. Hayes and son Kenneth of Los Angeles, Mr. and Mrs. Bruce Hayes and daughter Bernice of Santa Ana, Mrs. J. V. Gilmer of Santa Rosa, Mrs. J. V. Westbrook and daughter Vivian, San Francisco; Mr. and Mrs. Harry Greaver, San Bernardino; Mr. and Mrs. L. A. Matthews, Riverside.

Only the immediate relatives were present owing to the recent bereavement in the home.

Mrs. Hayes is also ill but is getting along nicely at present. The oldest daughter, Mrs. A. S. Morrill, of St. Louis, Mo., is on her way here and is expected today.

## SCHOOL TO OPEN MONDAY, MOVE MEXICANS

Arrangements are being made for the opening of Santa Ana schools next Monday. At a meeting of the Board of Education last night with City Health Officer J. L. Clark, a number of conditions under which the health department seeks co-operation in the opening of the schools were accepted by the school board.

One condition was the segregation of the Mexicans so far as possible, and an inspection at Mexican homes with the purpose of discovering whether or not the children coming to the schools are afflicted with the influenza. Inspection will be by the school nurse and home nurse employed by the schools.

The school board has decided to do away with the sewing, cooking and manual training work of the Sixth, Seventh and Eighth grades for the remainder of the year, and to use the building on Church street for Mexican classes.

This is a temporary adjustment. It is proposed to leave to the next school board the problem of a permanent adjustment.

Last night Dr. Clark presented a petition signed by a large number of residents asking for the segregation of the Mexican children. A delegation from the various grammar school P.T. associations was presented, asking that the Sixth grades be assigned back to their neighborhood schools rather than kept at Washington, and that Washington school be used for a Mexican school.

Superintendent Cranston pointed out that there are eight rooms full of Sixth graders, and that there are only six rooms available at the grammar schools, so it would be impossible to make that change. Moreover, he said the Sixth grade plan has produced very excellent educational results.

**Be No Institute**

The month lost by the schools by reason of the influenza can only be partly made up. There is to be no teacher's institute this year, which will give an extra week of school there. Also, there will be no vacation.

## HOW TO FIGHT SPANISH INFLUENZA

BY DR. L. W. BOWERS.

Avoid crowds, coughs and crows, but fear neither germs nor Germans! Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Remember a clean mouth, a clean skin, and clean bowels are a protecting armour against disease. To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wrap warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anuric (anti-uric) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Anuric tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a good herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and barks of American forest trees, or his Ironie (iron tonic) tablets, which can be obtained at most drug stores, or send 10c. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

tion on Friday after Thanksgiving. Schools were dated to close on June 27, and no extra week can be worked in at the end of school because the school year closes on June 30.

Commencing with the opening of school Monday morning, there is to be careful inspection of pupils every morning. Dr. Clark said that there would be less danger to children going to school than there has been during vacation, and from a health standpoint there was no reason for keeping children at home any longer.

### BROOMS ARE HIGH. MAKE YOURS RIGHT AT HOME

WASHINGTON, Nov. 12.—New brooms may sweep clean, but new brooms have been so expensive of late that they have been in the luxury class.

All this will soon be changed, however, according to the Agricultural Department. Broom corn raising is to be encouraged.

Making brooms at home also will be encouraged.

## DRIVE FOR WELFARE FUNDS WILL START TOMORROW MORN

The drive of the United War Work committees in Santa Ana starts tomorrow morning. Plans are all laid, areas chosen and assigned, and the work mapped out. Everyone is urged to make up their minds what they ought to do and do it quickly, so that the drive can be put through without delay.

The aim is to make as big a fund for Santa Ana as is possible. The bigger the better everyone will feel about it. It is to be Santa Ana's offering with peace toward the welfare of the soldiers.

The nine teams that are working with the Victory clubs of the Santa Ana high school are out on the job today, and are doing good work. There is punch and enthusiasm in the way they go after the coin. New lieutenants added to the list published yesterday are George Baker, Stewart Carrier and Elmer Wray.

The Diamond school district was the first to complete its quota. It made a 200 per cent record and more. Its quota was \$194, and the district raised \$418.

## THE FLU DROPPING FAST IN THIS CITY

Without a single new influenza case reported in the last twenty-four hours, Santa Ana seems to be nearing the end of the epidemic. For three days the number of new cases has decreased rapidly. The record of W. W. Chandler, health inspector, for the twenty-four hours shows ten houses with twenty-four cases released from quarantine, and not a single new case reported. There are now 114 cases listed in the city.

Garden Grove right now, among the Mexicans, seems to be a hotbed of influenza. In answer to an urgent call for help, Mrs. Gledhill, the Red Cross nurse, went to Garden Grove to help with the cases there. Mrs. J. W. Rose of 828 Garnsey, went to the county hospital to give assistance in the rush there. More nurses are needed at the county hospital.

## CELERY KING WHEN FEVERISH

Don't make the mistake of bothering with uncertain remedies for Celery King. A purely vegetable formula made into a palatable tea, is nature's best remedy for constipation, upset stomach, coated tongue and sick headache.

It's the same old remedy that thousands swear by and costs only a few cents for a generous package.

Take it freely and give it to the little ones when cross and feverish.
